SATISFY JOINT COMMISSION AND
MANUFACTURER STORAGE SPECS

Trust a reputable source.

MASS™ Medical Storage has been the choice for storage solutions in leading medical institutions around the world for more than 15 years. MASS™ is proud to partner with Aria Medical, Attania, Cook Medical, IMS, Merry X-Ray, Storage Systems Unlimited, and more. In addition, MASS™ continues to be an approved government supplier.

Get fast delivery. Compare lead times and you'll discover why more medical facilities rely on MASS™ Medical Storage.

Make better decisions.

Different departments have different needs. We can help identify the best storage solution for each, based on our experience with thousands of hospitals.

Simplify decision making.

If you're not sure of what you need, start by looking at the pre-configured packages with options and accessories most commonly used by various departments. Call us for practical steps in getting started.

Benefit from smart design.

How people access and store medical equipment and supplies is critical. Ergonomics are considered in the design process. Each product is engineered to promote efficiency and maintain cleanliness with greater ease.

Buy quality. MASS™ has upheld a standard of detail and quality construction worthy of customer loyalty and capital investment. All products are backed by a 3-year Gold Seal Warranty.

BUILD YOUR OWN CART

(Electronic version available by request)

1. Cut out the desired component.
2. Paste or tape component on cart.
3. Build your Small Cart, fax to MASS™ at (913) 438-2275 for QuikQuote™.

Considerations

- Any individual locking drawer requires a stationary LokShelf™, SlotShelf™ or Bin Module above for anchoring the lock.
- Any drawer below a Slide-out Shelf or ABS Basketub™ requires a LokShelf™ above.
- To provide adequate clearance, allow 0.25" above and below each drawer. (not included in above component drawings)
- Allow a minimum of 3" atop a Keyboard Shelf.

LOKSHELF™

SLIDE-OUT KEYBOARD/ EQUIPMENT SHELF

ABS BASKETUB™

4" DRAWER

6" DRAWER

8" DRAWER

12" DRAWER

Considerations

- All baskets require a LokShelf™ above for mounting.
- All Bin Modules require a LokShelf™.
- FlexLok™ doors are standard equipment. Otherwise designate HG (hinged door w/ glass), H (hinged door, solid) or NFL (no door) at the end of desired Model Number.

BUILD YOUR OWN CABINET

FULL-WIDTH COMPONENTS

(Electronic version available by request)

BUILD YOUR OWN CABINET

(Electronic version available by request)

1. Cut out the desired component.
2. Paste or tape component on cabinet.
3. Build your cabinet, fax to MASS™ at (913) 438-2275 for QuikQuote™.

Considerations

- The FifoGlide™ Module is fixed to the back cabinet wall and not readily repositioned. The FifoGlide™ extend out, but not the shelf they're mounted to.
- The 6" Locking Metal Drawer is a fixture unable to be repositioned.
